

FIRST TIME EVER - By Randy Forrest, FRA President

The Florida Racquetball Association is proud to announce that long time Doubles Team Mary Lyons and Susan Pfahler are to be inducted into the USAR Hall of Fame as a Doubles Team. This is the first time ever that a Doubles team has been inducted. The induction ceremony will be held at the Saturday night banquet the weekend of National Singles in Houston, Texas. The FRA would like to congratulate Mary and Susan for their unbelievable accomplishment.

Sometimes when we play Doubles we find a partner that we just click with and magical things happen on the court. With Susan and Mary, their combination can be compared to some of the Greatest combinations in history, Astaire and Rogers, Uitas to Berry, Milk and Oreo's, Kuri to Gretsky, Pepperoni to Pizza, and Chips to Salsa. Susan and Mary were meant to be together. Their slow methodical game of lob serves, pinpoint passes, and "gravity kills" frustrated and defeated many an opponent, and they left the court scratching their heads wondering "what the heck just happened to us".

With more National Championships that we can count on your fingers and toes combined, The Members of the Florida Racquetball Association is proud to congratulate Mary and Susan, and will be helping sponsor their trip to Houston for this "First Time Ever" induction into the USAR Hall of Fame.
